PROFESSIONAL EXPERIENCE

Customer Service
Mar 2019 – Jan 2020

24hlogistics

- Managed the creation of user accounts for specific software applications, ensuring seamless access for customers.
- Contacted customers via calls and messages to build loyalty and foster long-term relationships.
- Compiled and prepared daily reports for air shipments, tracking and updating shipment status for operational efficiency.
- Assisted customers with product inquiries, order tracking, and issue resolution, ensuring timely and effective support.

IT Manager
Sep 2012 – Dec 2018

The World Wildlife Fund - France

- Administered local networks, performed physical and virtual machine setups, and maintained systems using IT management tools such as GLPI and OCS.
- Managed Active Directory on Microsoft Servers (2000-2019), overseeing user account administration including creation, modification and deletion.
- Deployed and monitored virtualisation platforms including Citrix XenServers, VMware and Hyper-V.
- Supported infrastructure operations, system administration and technical troubleshooting across the environment.

Network Administrator
Jul 2011 – Sep 2012

Association Emmaus - France

- Supervised network administration, handling system installations and configurations.
- Managed Active Directory on Windows Server 2003 and supported user account management.
- Configured and maintained Windows Server 2003, Linux Debian, Ubuntu and CentOS.
- Monitored Citrix Xen Servers using Nagios and Centreon.
- Set up and managed VoIP systems and supported client operating systems including Windows XP Pro, Windows 7 and Windows 10.
- Managed ticketing with GLPI and provided hotline and remote support using OpenVPN.

IT Technician Intern
Apr 2011 – Jun 2011

Connect – France

- Provided IT technical support for the Yellow Pages account, diagnosing and resolving hardware and software issues.
- Performed data recovery and troubleshooting for sales teams.

- Installed and configured Windows XP and Windows 7 systems and managed application installations.
- Administered Active Directory on Windows Server 2003, managing user accounts and configuring DHCP, DNS and LDAP.

Network Administrator Intern Jan 2011 – Mar 2011

Emmaus Association - France

- Managed local networks and Active Directory on Windows Server 2003.
- Supported Windows 2003 Servers, Linux Debian and XP clients, including deployment and backups.
- Monitored server performance using Nagios and Centreon.
- Used GLPI and OCS for IT asset management and provided remote support via OpenVPN.
- Applied Netfilter and iptables and supported Citrix Xen environments.

IT Technician Jan 2007 – Dec 2010

UPS - SCS

- Delivered local network administration by installing and configuring machines, modems and routers.
- Handled Active Directory management, including user account creation, modification and deletion.
- Deployed Xen Citrix virtualisation and troubleshot hardware and software issues.
- Performed data recovery procedures and installed/configured Windows XP systems while providing direct customer support.
